The rings are illuminated from within, creating a bright blue glow that fades into the dark background. The rings are slightly offset from each other, giving a sense of depth and movement.

AMPOULES

Ampoules - active ingredient wonders with an immediate effect

Intensive & focused beauty care

Ampoules are true miracle products that can have a transformative effect both at home and during a professional beauty treatment. Their highly concentrated formulations are targeted caresses to the skin, providing it with an instant dose of nutrients and hydration.

In a world that is often hectic, ampoules offer a moment of purity and devotion for the skin. Each ampoule is a small jewel, carefully sealed to preserve the freshness and effectiveness of the precious ingredients.

If the daily beauty ritual at home is supplemented with an ampoule treatment, these highly concentrated elixirs offer targeted solutions for every skin care requirement. Each ampoule is rich in active ingredients that pamper and revitalize the skin and synergistically support the daily skincare products in their effect. From moisturizing to anti-aging care, the être belle active ingredient concentrates allow you to experience visible improvements and a feeling of relaxation and pampering at home.

During a professional treatment, ampoules become tools of transformation. They complement and enhance the effect of these pampering sessions by supplying the skin with exactly the active ingredients it needs to glow and blossom.

Whether at home in a personal beauty ritual or during a soothing treatment in a beauty salon - ampoules are more than just skin care products. They are a source of joy, hope and beauty that touch both the skin and the soul.

Collagen-Elastin Ampoule

Collagen and elastin are deposited in the surface structure and immediately make the skin's relief appear smoother and younger. Triactigen stimulates the formation of new collagen and elastin and thus strengthens the skin's ability to repair damage to its fibrous structure. Hydroviton®, with its combination of selected components and NMFs, supplies the skin with moisture from the outside and provides a moisture depot for up to 24 hours. The skin appears hydrated, smoother and more elastic

Indication

For demanding skin with lines, wrinkles and loss of elasticity

Active Ingredients

- Collagen - increases moisture-binding capacity, smoothing, firming
- Elastin - improved skin elasticity, improved resilience
- Triactigen - stimulates fibroblasts to increase collagen synthesis
- Hydroviton® 24 - long-term moisturizing effect

Application

Use as a cure or daily. After cleansing and toning. Pour the contents of the ampoule into the palm of your hand and apply to the face, neck and décolleté. Gently pat into the skin and it is quickly absorbed. Then apply the recommended skin care cream.

Benefits

- Firmer tissue structures
- More elasticity and resilience
- Refined skin texture
- Optimized moisture level
